HOWDENS JOINERY CO. MAKING SPACE MORE VALUABLE

The Bathroom Cabinet Collection

About Us

Howdens Joinery offers a range of integrated bathroom products designed to meet the needs of modern living. With 27 different styles and finishes, the bathroom cabinet range provides an extensive choice from timber wood grain effect doors to modern gloss doors.

Use our rigid factory assembled cabinets to create vanity units, cistern units and a variety of other storage solutions.

Choose from a wide variety of handles and worktops, and finish with a specifically designed laminate flooring to suit a bathroom environment.

We are a trade only business that has been selling to trade professionals since 1995. Given the complexity of the modern bathroom we believe that only experienced, qualified builders and joiners should install our products.

- There are over 560 Howdens depots nationwide so it's likely we are local to you. And because we are local, your builder can collect exactly what he needs, when he needs it, to install your dream bathroom.
- Each of our depots has experienced designers who will plan your bathroom and be on hand throughout to help you and your builder.

We do not endorse trade professionals directly, but to help you find one, talk to your local Howden Joinery depot or visit www.howdens.com

UK Manufactured

Howdens Joinery is a British business. We pride ourselves on the sense of local community, traditional values and long established relationships that thrive in our depots and manufacturing facilities.

Over 40% of Howdens products are manufactured in the UK, including all of our cabinets and laminate worktops, and a selection of our bathroom frontals and joinery products.

The **UK** or **UK** logo indicates that the product illustrated is manufactured and assembled in the UK*.

Your Howdens Joinery Guarantee

Howdens Joinery supplies high quality bathroom cabinetry to trade customers from stock. When professionally installed in the home, these products will provide many years of reliable use.

In the unlikely event of a problem occurring with our bathroom cabinetry as a result of a defect in the manufacturing process or raw materials, we will happily, promptly and without charge, replace any cabinet (excluding frontals) for a period of within 25 years from the date of its installation in the UK and any frontal*¹ for a period of within 5 years from the date of its installation in the UK. In circumstances where you have a Howdens' branded bathroom and need to make a claim under this guarantee, please contact your local depot who will be able to help you through the process.

The mark of responsible forestry

Awarded to:
Howdens Joinery Group plc

*When shown with a bathroom range, this refers to the frontal and cabinet; components such as hinges, drawer boxes and handles may be sourced outside the UK. *¹Subject to availability of the particular frontal model.

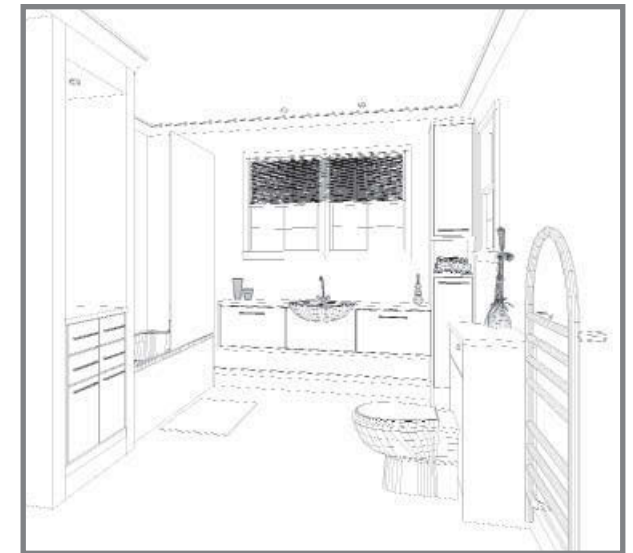

CAD Planning & Design Service

Howdens Joinery offers a free CAD planning and design service. Contact your local trade professional who will arrange for one of our designers to come out and measure your bathroom. They will discuss your requirements and our complete offering of worktops, handles, flooring and joinery.

We will then plan your bathroom, which will include a 3D plan as well as a walkthrough video. This can be sent to you via email, so that you can share your new bathroom design with friends and family.

For more information, either contact your local trade professional or your local depot.

Bathrooms

Howdens' bathroom cabinetry range uses our rigid factory assembled cabinets to create vanity units, cistern units and a variety of other storage solutions.

Curved units provide contemporary style, add character and functionality with towel racks, and complete the fitted look with a choice of decorative accessories.

A contemporary finish can be achieved with wall hung cabinets or stainless steel decorative legs.

Forest Stewardship Council® (FSC®) certification on selected ranges, as identified by this logo.

This logo indicates that the products illustrated are manufactured and assembled in the UK. When shown with a bathroom 'range', this refers to the bathroom frontal and cabinet. Components such as hinges, drawer boxes and handles may be sourced outside the UK.

Handles

The right handle selection and positioning can transform the look of your bathroom, taking it from ultra-modern to elegantly traditional. Our range enables you to find your perfect combination.

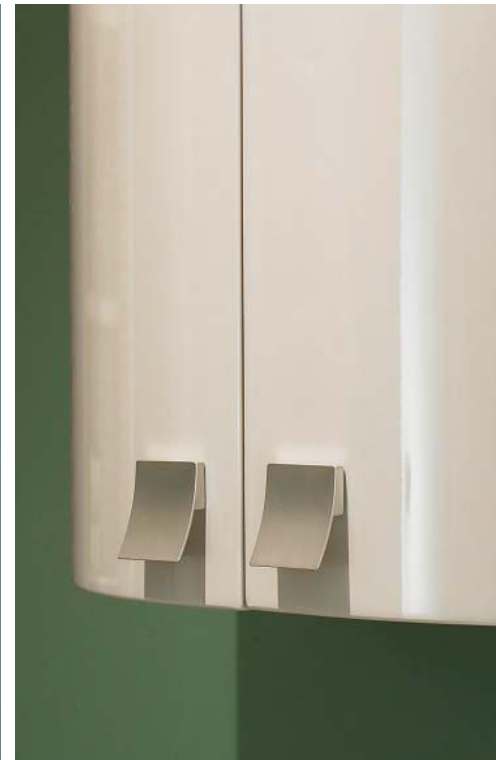

For full detail product specifications on all our bathroom handles, please visit www.howdens.com/bathroom-cabinet-collection/handles/

Chrome Effect Square Bar Handle

Stainless Steel Effect Curved D Handles

Brushed Steel Effect Square Pull Knobs

Chrome Effect Facetted D Handles

Worktops

Performance and appearance are equally important in a worktop, which needs to stand up to a variety of uses whilst complementing your bathroom frontal.

A range of attractive and durable laminates are available in a 28mm thickness with P3 Grade moisture resistance.

In addition to the FIRA Gold Award, these worktops have a moisture resistant core to help prevent water ingress. The double bullnose profile and selection of colours ensures the practicality of the worktop does not come at the expense of style.

All worktops come with a 1 year manufacturer's guarantee. In the unlikely event of a defect in manufacturing or raw materials, we will happily replace any worktop promptly and without charge.

For full detail product specifications on all our bathroom worktops, please visit www.howdens.com/bathroom-cabinet-collection/worktops/

Howdens Joinery & The Environment

All our manufacturing, distribution and warehousing sites have achieved ISO 14001 certification for environmental management.

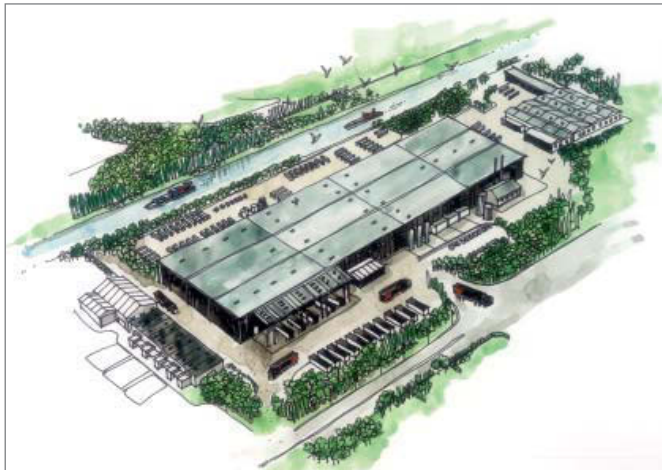

Over 95% of our manufacturing waste is recycled each year. One element of waste from the manufacturing process is sawdust, which is recycled to heat our factories.

Howdens sets challenging targets to ensure that 100% of wood based product used in our manufacturing processes comes from certified sources.

We work closely with our suppliers to ensure that the items we purchase come from sustainable renewable resources and are produced in a socially responsible way. Howdens Joinery has successfully achieved the Forest Stewardship Council® (FSC®) and the Programme for the Endorsement of Forest Certification (PEFC) Chain of Custody certificates, which apply to a number of products as indicated in this brochure. The Chain of Custody certification means there is an unbroken and documented chain of ownership all the way from the forest, via the mill, the importer, the manufacturer and supplier to the end user. Our full environmental policy is available on request.
